*Joyce Meyer Ministries* is a nonprofit organization focused on spreading the Gospel of Jesus Christ, helping people through humanitarian efforts worldwide, and teaching others the practical principles from God's Word to help them enjoy their everyday lives.

Currently in our 24th year of ministry, we are touching more lives than ever before through the convenience of modern media. *Joyce's Enjoying Everyday Life*® TV and radio programs daily reach a potential audience of 3 billion people. In addition, hundreds of thousands annually attend *Joyce's* conferences and crusades held in the United States and abroad.

Reaching out to those in need is very important to Dave and Joyce Meyer, and through *Hand of Hope*, the world missions extension of *Joyce Meyer Ministries*, we are meeting the physical and spiritual needs of millions each year. With fifteen international offices and vital partnerships with many other ministries and missions organizations, we are impacting the poor and needy throughout nations around the globe.

Because of the faithful prayers and donations of our friends and partners, *Joyce Meyer Ministries* has been able to offer lifesaving help and hope to so many who are hurting and looking for answers. In fact, in 2007, 83% of our total expenditures went directly toward reaching people with the Gospel and meeting the needs of the less fortunate.

### **CHILDREN'S HOMES**

*Joyce Meyer Ministries* fully funds and operates 47 children's homes that are saving thousands from hunger, starvation and life on the streets. In these safe, loving homes, children receive an education and also learn how to pray and worship God.

### **FEEDING PROGRAMS**

Each year *Joyce Meyer Ministries* serves millions of meals to some of the poorest families and children in nations like India, Cambodia, South Africa and the United States.

### **DISASTER RELIEF**

To date, *Joyce Meyer Ministries* has donated more than \$7 million to disaster relief efforts worldwide, reaching thousands of families with vital resources, financial assistance and spiritual help. Our efforts include repairing or building nearly a thousand homes for victims of hurricanes and the 2004 tsunami in Southeast Asia.

### **INNER-CITY MINISTRY**

Founded by *Joyce Meyer Ministries* in 2000, the *St. Louis Dream Center* church and outreach center offers hope and a new beginning to tens of thousands each year. We also support other vital inner-city ministries like *Urban Youth Impact* and the *Los Angeles Dream Center*.
